

WORKSHOP ON SEDEX

DURATION

TRAINING OBJECTIVES

To spread awareness among the personnel about SEDEX (Supplier Ethical Data Exchange), its purpose, framework, structure, audit process, operations, business goals, requirements, implementation, and principles. The course provides essential information on the fundamentals and requirements of ethical supply chain management, enabling organizations of any kind to manage and demonstrate responsible practices related to labor rights, health and safety, environment, and business ethics across their supply chains.

COURSE CONTENT

- Introduction to SEDEX and SMETA
- Objectives and benefits of an SEDEX
- Key Principles and Concepts of the SMETA Audit
- Difference Between SMETA 2 Pillar & 4 Pillar Audit
- Key Compliance Areas under SMETA
- Overview of implementation & certification

LEARNING OUTCOME

Listed below are some of the benefits of attaining SEDEX Awareness Workshop:

- Understand the basics of SEDEX
- Identify and apply the benefits and requirements of an SEDEX
- Identify key compliance requirements under the SMETA 2-pillar and 4-pillar audits.
- Gain the skills to assess an organization's capability to manage its SMETA Audits
- Develop and implement corrective and preventive actions (CAPA) to address audit findings

CERTIFICATE
